Raja Ganapathy D

CAFS Infotech Pvt Ltd

Associate Software Engineer

Mar 2024 - Present

PROFESSIONAL SYNOPSIS

- 2+ years of professional experience in **Flutter application development** using **Dart**, building scalable, production-ready mobile applications for **Android and iOS**.
- Hands-on experience in **end-to-end mobile app development lifecycle**, including feature development, testing, deployment, and **Play Store / App Store release management**.
- Worked on **5+ mobile applications** in a **product-based company**, owning features from requirement analysis to production deployment.
- Strong experience in **RESTful API integration** using **Dio**, including API consumption, authentication, interceptors, error handling, and response parsing.
- Implemented **state management using setState and Riverpod**, improving application scalability, performance, and code maintainability.
- Designed and maintained **scalable base project architecture**, including reusable widgets, modular folder structures, and shared utilities.
- Actively involved in **code reviews**, ensuring adherence to Flutter best practices, clean architecture principles, and performance optimization.
- Developed **responsive and adaptive UI components** to deliver consistent user experiences across multiple screen sizes and device types.
- Proficient in **Git version control**, including branching strategies, pull requests, merge conflict resolution, and collaborative workflows.
- Recognized as an **Ownership Award Winner** for demonstrating strong feature ownership, accountability, and delivering high-impact product features.
- **Firebase Notifications** – Familiar with integrating **Firebase Cloud Messaging (FCM)** for push notifications in Flutter apps.
- Quick to adapt to new technologies and frameworks, with a continuous focus on **performance, scalability, and product quality**.

KEY SKILLS

- Flutter
- Dart
- SetState, Riverpod , GetX
- Android , iOS Deployment
- API Integration
- GIT
- Firebase
- Flutter SDK(3.38), Dart(3.10), Android Studio

AWARDS

Ownership Excellence Award – Recognized for accountability, initiative, and consistently delivering high-impact results in a product based environment.

PROJECTS

Project Name : Cafs Money

Play Store : https://play.google.com/store/apps/details?id=com.cafsindia.cmf&hl=en_IN
App Store : https://apps.apple.com/ng/app/cafs-money-mutual-fund-sip/id6745786727
Description :

- Developed a production-grade **Flutter fintech application** for mutual fund and SIP tracking in a product-based environment.
- Implemented **REST API integration using Dio** and **state management with Riverpod**, focusing on performance, scalability, and clean architecture.

Project Name : Cafs 360

Play Store : https://play.google.com/store/apps/details?id=com.cafs.cafs360&hl=en_IN
Description :

- Contributed to a Flutter mobile application providing **360-degree financial services and customer engagement features**.
- Implemented API-driven modules, optimized screen navigation, and ensured **performance**.

Project Name : Collman HR

Play Store : https://play.google.com/store/apps/details?id=com.cafsinfotech.collman&hl=en_IN

App Store : https://apps.apple.com/ng/app/collman-hr/id6756573031
Description :

- Developed a Flutter-based **HR application** focused on internal workforce operations and employee self-service features.
- Owned feature-level development, debugging, and UI optimization to deliver a **stable production release**.

Project Name : Smart HRMS

Play Store : https://play.google.com/store/apps/details?id=com.cafsinfotech.smarthrms&hl=en_IN

App Store : https://apps.apple.com/ng/app/smart-hrms-hr-payroll/id6749928457
Description :

- Built a Flutter-based HRMS mobile application supporting employee management, payroll workflows, and attendance tracking.
- Developed modular UI components and integrated APIs to ensure secure data flow, performance efficiency, and scalable architecture.

Project Name : ARTHA

Description :

- Designed and developed a **Flutter front-end–only calculator application** focused on mutual fund investment calculations.
- Implemented complex UI logic and reusable widgets to deliver **accurate calculations and a clean, intuitive user experience**.

EDUCATION

Bachelor's degree in Chemical Engineering — Aug '16 - Mar '20

Agni college of Technology OMR Thalambur , Chennai — Chennai

DECLARATION

I hereby declare that the information given above is true to the best of my knowledge.

Place : Chennai
